

## | Automotive Welding Applications |

### Body/Chassis

- Aluminum fuselage frames
- Engine Cradles
- Silicone/Bronze Solder
- Steel Wheels
- Aluminum Tailored Welded Blanks
- Stamping Assemblies

### Fuel Delivery Systems

- Fuel Filters
- Fuel Line Tubing
- Fuel Injector Rails
- Injectors

### Air Conditioning Systems

- Radiators
- Evaporators
- Heater Cores
- Accumulators

### Other Automotive Applications

- Air Bags
- Wire Harnesses
- Valve Overlay
- Transmission Components

### Materials

- Aluminum
- Carbon Steels
- Stainless Steels
- Copper
- Magnesium Alloys
- Nickel Alloys
