Basic Gas Turbine Metallurgy and Repair Technology Workshop

This is to advise you of the one-day seminar:

"Basic Gas Turbine Metallurgy and Repair Technology Workshop" that we are presenting at the upcoming PowerGen Conference in Las Vegas, Nevada. **The Seminar is being held on Sunday, Dec 6th, 2009 as part of the PowerGen International Conference and Expo which runs at the Las Vegas Convention Center from Dec 8 – 10, 2009.**

To register you can access the PowerGen website at <http://www.power-gen.com/index/conference.html> to review the full conference details -

You may also access the seminar information by going directly to the Seminar page at: http://www.power-gen.com/index/conference/competitive-power/sunday--8_hour_courses.html

The website has the full Seminar agenda. For your convenience a summary of the agenda is presented here 

Some of you may have attended this seminar in the past and we hope you will forward this on to a colleague who may benefit from the session this time.

ALSO – Please visit us at our BOOTH C5-517 at the PowerGen Expo

**Sunday, Dec 6, 2009
Las Vegas
Convention Center
Las Vegas, NV**
