Liburdi Houston

SOLUTIONS POWERED BY LIBURDI

Liburdi Dimetrics is pleased to announce the opening of a Houston location to serve the US Gulf region. The facility is co-located with Euroweld, Maverick Test Labs and Superheat FGH in La Porte, Texas and has the capability to provide sales and support, in house weld development, demonstrations, rentals and turnkey projects.

Our extensive experience serving the nuclear, aerospace, energy and industrial markets is now available for the expanding gas & oil, subsea and aerospace customers located in the gulf region. We welcome the opportunity to discuss your specialty welding needs.

10001 Porter Rd., Unit 100 La Porte, TX 77571 Tel 281.888.8206
